## SUMMARY

Hi, I'm Aadi Jain. I'm currently diving into web development and learning C++. I'm also starting to learn Japanese from scratch, which has been an exciting challenge. I'm passionate about gaining new skills in both programming and languages, and I'm eager to see how they all come together as I progress.

## EDUCATION

**Bachelor of Technology in IT**                              08/2024 - 09/2028
